EVENTS OF INTEREST IN AND OUT OF TOWN

President and Mrs. Wilson Entertain American Ambassadors to London and Paris.

The President and Mrs. Wilson entertained at luncheon at the White House today Mr. Walter Hines Page, ambassador to London; Mr. William G. Sharp, ambassador to Paris; Mrs. Hugh C. Wallis, Miss Helen Woodrow Bones and others.

The Vice President and Mrs. Marshall will leave on Friday the house on Connecticut avenue which they took for July and August, and will make their home at the New Willard for the coming season. Their plans for the time are like those of others in official life and depend on the close of Congress.

Former Secretary of War and Mrs. Garrison have had their plans for a large house party at Seabright, N. J., for the notification at Shadow Lawn, completely disorganized by the infantile paralysis scare, and have closed their home and gone to New York. The Vice President and Mrs. Marshall, the Secretary of State and Mrs. Lansing and others who were to have been guests have had to change their plans for Saturday at Elberon.

Mr. William G. Sharp, ambassador to Paris, will leave Washington tomorrow for his home in Ohio, where members of his family are now visiting. Mr. Sharp has spent some days in Washington in connection with his diplomatic duties and has many times been entertained.

The wedding took place at El Paso, Tex., August 15, Chaplain Brander, 8th Cavalry, U. S. A., officiating.

The wedding followed closely after the announcement of the engagement and was attended only by the immediate family and the intimate friends of the bridegroom, including Dr. Ritter, the radiologist expert. The bride and groom were prominent figures in Washington society several years ago, and removed to San Diego for the latter.

The bridegroom won the Iron Cross for his service in the German defense of the fortress of Tannenberg. He is considered one of the most daring aviators in the service of the kaiser, and is at present in charge of the aviators who exhibit in the German section of the exposition at San Diego.

ALLEGES CHANGE OF MIND IN REMARKABLE DEGREE

Senator Oliver Quotes Utterances by President Wilson on Persons of Hungarian Birth.

President Wilson's writings in regard to immigrants into the United States from Hungary and Poland before he was President and his recent utterances regarding American citizens of Hungarian birth were sharply contrasted in the Senate yesterday by Senator Oliver of Pennsylvania, who charged the President with undergoing "a remarkable change of mind."

He referred to an occasion some months ago when Senator James of Kentucky addressed a mass meeting of American citizens of Hungarian birth in New York, in which he read a telegram from the President extending greetings to the assemblage and expressing "deep and sincere confidence in the entire loyalty and patriotism of that great body of our fellow citizens who have strengthened and enriched America by adding their energy to our own out of the nations which have joined their stocks to make a great America."

Extract from President's Book.

The senator then read from the President's "History of the American People," written before he was President, quoting from a paragraph the following:

"But now there came multitudes of men of the master sort out of Hungary and Poland, men out of the ranks where there was neither skill nor energy, nor any initiative of quick intelligence."

Senator Oliver remarked that the President is apparently anxious now to obtain the vote of every one of these American citizens of Hungarian birth.

BIDS ON CHAPAWAMSI PIKE.

Department of Agriculture to Award Contract Without Delay.

Bids for the construction of the proposed road through the Chapawamsi swamp on the pike between Washington and Richmond, Va., were opened at 2 o'clock this afternoon at the office of public roads, Department of Agriculture. It was announced the awards probably would be made tonight or tomorrow morning.

This road, which will be 3.7 miles long, will do away with one of the worst stretches on the generally excellent highway between Washington and Richmond. Between 60 and 80 percent of the cost of its construction will be borne by the government, the balance being made up by contributions from Washington, Richmond and Fredericksburg. It is stated that Washington's contribution totaled \$1,200.

MRS. LATIMER LEAVES TO CAMPAIGN NEVADA

Originator of "Suffrage Hikes" and "Whirlwind Auto Campaigns" to Speak Against Democrats.

MRS. EDNA S. LATIMER.

Mrs. Edna S. Latimer, originator of the historic "suffrage hikes" of a few years back and later of the famous "whirlwind automobile campaign" through some of the states, left Baltimore today for Nevada. She will make

an automobile trip through the mining camps and every other part of the state for the woman's party, helping it to organize for its campaign against President Wilson and the democratic national ticket because of their blocking the federal woman suffrage amendment.

The original "suffrage hike" was planned by Mrs. Latimer. It was from Baltimore to Annapolis and the suffragists who took part in it carried down to the Maryland capital on the opening day of the legislature a petition signed by 50,000 Maryland men and women favoring woman suffrage. That pilgrimage took two days. Mrs. Latimer later took part in the famous "hike" from New York to Albany, in that from New York to Washington and in another through western Maryland.

The itinerary of the speech-making campaign of Charles E. Hughes in Maine and New Hampshire has been announced. He will make his first address at Hampton Beach, N. H., September 7, and will wind up the tour with an address at Rochester, N. H., September 9. September 11 he will open his New York campaign at Syracuse.
